

In **English**, we will be reading and writing:

- Suspense stories
- Fictional stories

LKS2 Spring 2 Curriculum Bulletin

Invaders and Settlers

Welcome back! We are so excited to start a new academic term. We have lots of exciting learning lined up this term.

Important Information:

Homework is set on a Friday via Teams and is to be turned in by Wednesday. It is essential that your child's reading book and record is in school **every day**. We ask that your child reads at least 5 times a week and logs on to Times Table Rock Stars on a regular basis to sustain multiplication fluency. Please talk to your child's class teacher if you would like a copy of their log on details for Teams or TTRS. PE is every Wednesday and Thursday.

This term in **Maths**, Year 3 will be learning about:

- Statistics
- Measure focused on length
- Fractions

This term in **Maths**, Year 4 will be learning about:

- Fractions
- Decimals

This term in **Geography** we will be learning about a European country in more detail. We will focus on Italy and its human and physical features as well as exploring the culture of the country.

In **Music** we will develop our performance skills as we practise and perform songs for our pantomime.

In **PSHE**, we will build upon our knowledge of our own physical health and wellbeing. In year 3, we will be focusing on celebrating differences between ourselves and others. In year 4, we will be focusing on how to stay safe.

In **Spanish**, we will be learning to talk about food and drink by developing their conversation skills.

In **Physical Education**, we will be developing our skills in dance by creating characters and developing a narrative through movement and gesture. We will also be developing our ball skills through hockey focusing on attacking by sending, receiving and dribbling a ball.

Your child will need to ensure they have an indoor and outdoor kit in school every Monday. This will stay in school all week and go home on a Friday.

This term in **Science**, we have a physics focus of sound. We will find out about sources of sound, how sounds are made and what happens when we change the volume or pitch of a sound. We are also making links in biology by looking at the structure of the ear.

In **Religious Education**, we will be looking at the creation story by developing our understanding of what Christians believe about God and creation, and what Christians do because they believe God is the creator.
